

My Dear Friend:

You and I, with our loved ones, have a great stake in our city. We must do all we can to help make it a better and more enjoyable place in which to live, to work and to prosper. To that end, I am pledged as a candidate for COUNCILMAN-AT-LARGE.

I was born here. My beloved father was a carpenter - a strong union man - who instilled in me a deep feeling for the working man. He inspired me to progress, step by step, from steward to business agent in Local 426 IUE-AFL-CIO. I worked my way through college and law school. I am a practicing Newark attorney.

I fought hard for the charter change so that we could at long last break away from the evils of the past. Ever since then, I have regularly attended the City Council meetings because I am convinced that constant vigilance is the price of good government. I am fully qualified by reason of my continuous interest in our city, my personal life, and my professional training and ability to give devoted, intelligent and effective service as your Councilman-at-Large.

I am counting on your vote!
